Excessive Users consume so much data that their usage could negatively impact the Service provided to other customers. In order to maintain a high quality of service throughout the network, if JCWIFI determines, in its sole discretion, that a subscriber is using an excessive amount of bandwidth, JCWIFI may at any time elect to require the subscriber to purchase a high usage add on to their service plan, terminate the subscriber's internet service or take steps to limit the subscriber's available internet bandwidth to ensure the usage is not excessive.

Monitoring of Services. JCWIFI has no obligation to monitor the services, but may do so and disclose information regarding use of the service for any reason if JCWIFI, in its sole discretion, believes that it is reasonable to do so, including to: satisfy laws, regulations, or governmental or legal requests; operate the services properly; or protect itself and its interests.
